- Portfolio Website

ABOUT ME

Enthusiastic and quick learner with a background in Computer Science. Proficient in Java and Python, with practical experience creating responsive and user-friendly web interfaces using HTML, CSS, and JavaScript. Dedicated to continuous learning and also growing with the company.

EXPERIENCE

Ormatrix , Software company.

Cuddalore

1 July 2025 - 17 July 2025

During my internship at Ormatrix, I worked as a Web Development Intern, where I gained hands-on experience in building and maintaining websites using HTML, CSS, and PHP. This opportunity allowed me to apply my academic knowledge in a real-world environment and enhance my technical and problem-solving skills.

- Used PHP to create dynamic web pages and integrate server-side functionality such as form handling and database operations.
- Worked with MySQL databases to store and retrieve user data for dynamic content.
- Worked closely with team members to plan, design, and complete fully functional websites, ensuring timely delivery and quality standards.

EDUCATION

Krishnasamy college of Engineering and Technology

B.E - Computer Science and Engineering and Technology, Cuddalore | **CGPA:** 7.68
